- 1 Add some songs in your playlist.
- 2 Select a song and load it in a deck.
- 3 Mouse drag to a starting beat in the song.
- 4 Set Cue point. That's the starting point for playback when using « Cue » button.
- 5 Find the exact BPM with the slider. Vertical bars shall be precisely aligned to beats.
- 6 Save BPM and Cue point for later use. Do steps 1 to 6 for every song in playlist.
- 7 Load track and start playback on both decks.
- 8 The « Sync » button sets the pitch to the correct value for exact syncing between decks.
- 9 Use « Cue » button. Deck will jump to cue point and wait for a vertical bar to start playback.
- 10 Fine tune the deck syncing if needed.
